

**Lutheran Social Services of Wisconsin and Upper Michigan, Inc.**  
**PREA Report**  
**Reporting Period: January 1, 2017 - December 31, 2017**

Lutheran Social Services (LSS) provides a variety of services to clients who are involved with correctional systems. The majority of these clients have a substance use disorder (approximately 90%) and are receiving addiction recovery services. All of these clients are also receiving services to address criminogenic risks and needs, as well as supports for successful community reintegration. Services include screening, assessment, outpatient treatment, day monitoring, case management, wrap-around services, medically monitored treatment, transitional residential treatment, and continuing care services. Clients may be involved with the Wisconsin Department of Community Corrections, the United States Probation Office, or the Federal Bureau of Prisons.

This report addresses clients in programming at facilities falling under PREA (Prison Rape Elimination Act) requirements. The residential facilities providing data for this report are:

- Affinity House, Eau Claire
- Cephas House, Waukesha
- Exodus House, Hudson
- Fahrman Center, Eau Claire
- Wazee House, Black River Falls

The average daily census for correctional clients at these facilities during the reporting period was [Click here to enter text.](#)

|                |    |
|----------------|----|
| Female Clients | 15 |
| Male Clients   | 44 |

The total number of correctional clients admitted during the reporting period was [Click here to enter text.](#)

|                |     |
|----------------|-----|
| Female Clients | 86  |
| Male Clients   | 264 |

| Total Staff Incidents Reported                  |                                 |  |

Progress on PREA Audit requirements: All programs are currently 100% in compliance with PREA standards. There are no outstanding deficiencies.

Action items resulting from investigation, whether substantiated, unsubstantiated or unfounded, primarily include further separation of male and female clients at our co-ed facility, Fahrman Center. This includes assuring that recreation activities remain gender specific.
